**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I ask that you do not permit a large company like USTelecom to crush its smaller competitors through claiming for itself what is now shared infrastructure. Sonic provides residential internet broadband service an order of magnitude faster than AT&T does and a fraction of their price. Comcast's service is similarly slow and expensive. Without companies like Sonic, I would be forced to pick one of those expensive, slow, unreliable options.

Reader, you are a connected person too, aren't you? Do you really think that promoting bad service over good will lead to your own internet service providing you the most value for your money? Please do not stifle greatness for mediocrity.
